

NOTICE OF CONSTRUCTION
480-650 PLEASANT STREET
GAS MAIN REHABILITATION

August 8, 2008

Attention Abutters:

The Watertown Department of Public Works announces that National Grid will be starting construction to seal the 16" gas main along Pleasant Street. The project will fix future defects in the gas main.

You are receiving this notice since you are an immediate abutter to the project area. The project will include construction activities such as excavation and backfilling, paving, restoration of disturbed surface areas, traffic control, pipe lining and site clean up. This project will be done in three phases.

Contractors will be performing the work on behalf of National Grid. New England Utility Contracting Company ("NEUCO") of Everett, MA will be responsible for excavation, backfilling and restoration of the 16" gas main, Once the main is shut down, Progressive Pipeline Management of Red Bank, New Jersey will be responsible for installing Cured-In-Place Pipe liners to rehabilitate the gas main.

Construction will begin within the next few days, and work is anticipated to be complete this fall. Final cleanup and paving restoration activities will be necessary.

Work hours will generally be between 7:00 am and 4:00 pm Monday through Friday. There may be dust and/or noise generated by the work and minor traffic inconveniences. Gas services may be disrupted at times.

Should you have any questions concerning the project, contact Jack Warchol, Community Relations Coordinator at National Grid, at 781-466-5099. If the Watertown Department of Public Works can be of any assistance, please feel free to contact the DPW at 617-972-6420.

We appreciate your cooperation and patience throughout the duration of this project.

Gerald S. Mee, Jr.

Superintendent of Public Works
