COVID-19 Weekly Public Health Report

Over the past several months, the Command Center has continued to enhance the COVID-19 data, public reporting, and analysis, which enables a more targeted approach to providing guidance. The Command Center is continuously refining, enhancing and adding to this public data, some of the most comprehensive in the nation, to further strengthen the information and analysis we provide to local communities to guide their decisions.

Effective yesterday, [with the Thursday, 10/22 weekly report](#), the Command Center will identify if a municipality’s positive cases have been significantly impacted by a clearly identified cluster in a long-term care facility, higher education institution or correctional facility.

Watertown Public Schools (WPS)

The State released the weekly COVID-19 metrics yesterday, which indicate that Watertown remains in the ‘yellow’ status and our positivity rate is low. Therefore, Watertown elementary students will be crossing the Bridge to Hybrid beginning on Tuesday, October 27th for our Cohort A students and Wednesday, October 28th for our Cohort B students. Elementary students will attend school in person two days a week. WPS is also considering moving our Watertown Middle School students from remote to hybrid beginning the week of November 9th, based on continued monitoring of the data and the school’s readiness. Watertown High School is scheduled to start in the hybrid model on November 30th. For more information, please see the Superintendent's October 22nd Update at the following link: <https://www.smores.com/gyxcj>

¹ There is a difference between the Commonwealth’s reported numbers and what the Watertown Board of Health can confirm through the Massachusetts Virtual Epidemiologic Network (MAVEN).

The Watertown School Nutrition Department received a waiver to provide free breakfast and lunch to all students until the end of the school year in June. Starting on Monday, October 26th, the Grab and Go meal site located at Watertown High School will be open every Monday from 12:00-1:30 pm and 4:30-6:00 pm. Breakfast and lunch for the whole week will be provided at the pick-up. Students in the hybrid model will be able to pick up meals at their school based on their cohort days.

John A. Ryan Skating Arena Closed for Two Weeks Due to Coronavirus Spiking

Due to rising cases of COVID-19 connected to indoor ice hockey, the Massachusetts Department of Public Health issued a new public health [Order](#) yesterday prohibiting indoor ice rinks and ice skating facilities from operating from October 23rd to November 7th.

The shutdown will allow for the development of stronger COVID-19 protocols to further protect players, families, coaches, arena staff and other participants, as well as communities surrounding hockey rinks.
