MEMA COVID-19 Command Center Situation Report

Yesterday, the Command Center released the comprehensive [COVID-19 Weekly Public Health Report](#), including community-specific COVID-19 case and testing data. The report also includes risk categories for each city and town based on the average daily incident rate over the past 14 days.

Watertown Public Schools (WPS)

The Watertown Public Schools welcomed back our middle school students on Thursday, November 12 for hybrid in-person learning. All of our elementary and middle school students attend school in person two of the five days and participate in online learning on the other three days. Watertown High School students are scheduled to start in a hybrid model on December 2. We began COVID-19 testing for middle school students this week and will continue with our high school students and elementary students after Thanksgiving break. We believe that surveillance testing is one of ways that we can keep our students and staff safe and in school during the pandemic.

The WPS School Nutrition Department is providing free grab and go meals for families on Monday from 12:00-1:30 pm and from 4:30-6:00 pm at the high school parking lot. Students also receive free grab and go meals at school on the days that they are in school.

¹ There is a difference between the Commonwealth's reported numbers and what the Watertown Board of Health can confirm through the Massachusetts Virtual Epidemiologic Network (MAVEN).

Town Hall is open to the public by appointment and drop-off transactions only.

All payments may be placed in the silver box next to the Library book drop-off labeled “Payments Drop-off” located on Thaxter Street.
