Residents who would like their test results before New Year's Eve (December 31) should be tested no later than Monday, December 28. As a reminder, a negative test does not mean you cannot spread COVID-19, or get infected with COVID-19, at a later date. Residents should continue to practice physical distancing and hygiene, regardless of a negative test result.

**The above dates and times are the only dates and times available for Watertown residents through this program.**

#### **There are several ways that Watertown residents can get tested for COVID-19:**

The state's "Stop the Spread" testing sites are open to all Massachusetts residents, and testing is free of charge. The sites are located in several nearby communities (Framingham, Marlborough, Chelsea, Everett, Revere, Winthrop). Many of these sites are walk-up or drive-through and do not require appointments. Details about each site are provided at <https://www.mass.gov/info-details/stop-the-spread#eligibility->

#### **Contact Your Health Care Provider**

If you think you may have COVID-19, call your health care provider and tell them about your symptoms. COVID-19 symptoms may include fever, sore throat, loss of sense of smell, cough, difficulty breathing, body aches, or chills. Your health care provider will help you decide whether testing is appropriate. If your provider thinks you should be tested and cannot do the test on-site, they will make the referral to a testing site near you. Here is a current list of COVID-19 testing sites in Massachusetts:

<https://www.mass.gov/doc/ma-covid-19-testing-sites/download>

#### **Use the State's Free Online Telehealth Service**

The state is partnering with Doctor on Demand to offer free telehealth visits to Massachusetts residents who want to get a quick assessment of symptoms and/or do not have health insurance. Through this service, you'll be evaluated online and connected to testing if needed. To access this free service, go to: <https://www.mass.gov/how-to/check-your-symptoms-for-covid-19-online>

#### **Call the State's 24-Hour Hotline**

If you do not have internet access or do not feel comfortable using websites, you can call 2-1-1, a 24-hour state-supported telephone hotline. Hotline staff can provide guidance on testing.
